FOR IMMEDIATE RELEASE

Saf-T-Gard Unveils its New Ambi-Gard® 2250 Diamond Hybrid Poly Disposable Gloves
Made from TPE Hybrid Blended material to deliver both increased value and better fit over traditional vinyl and polyethylene disposable gloves

August 8, 2023 – NORTHBROOK, IL – Saf-T-Gard International, Inc. expands its popular line of Ambi-Gard® Disposable Gloves today with the launch of the new **Saf-T-Gard® Ambi-Gard® 2250 Diamond Hybrid Poly Disposable Gloves**. Created using a Hybrid TPE material, the **Saf-T-Gard® Ambi-Gard® 2250 Diamond Hybrid Poly Disposable Gloves** provide an economical alternative to vinyl gloves while offering wearers better stretch and elasticity than HDPE Poly gloves or Hybrid CPE gloves.

Featuring a blue color and an electronically sealed construction to enhance visibility and durability, the **Saf-T-Gard® Ambi-Gard® 2250 Diamond Hybrid Poly Disposable Gloves** provide a thin yet secure barrier for lightweight comfortable hygiene and protection. Moreover, these gloves are both USDA chemically accepted for food processing and compliant with FDA food handling requirements (21 CFR 177.1520), making them the ideal choice for use in food service and food processing applications.

“Saf-T-Gard is thrilled to now present its disposable glove wearers with an innovative alternative to legacy-style disposables,” said Richard Rivkin, Saf-T-Gard CEO and Chairman of the Board. “The new **Saf-T-Gard® Ambi-Gard® 2250 Diamond Hybrid Poly Disposable Gloves** offer a new level of comfort in between polyethylene and vinyl while maintaining all the hallmark protective properties of disposable gloves including a reversible/ambidextrous design, powder-free construction, textured grip, and slip-on cuff for tremendous performance and value.”

The **Saf-T-Gard® Ambi-Gard® 2250 Diamond Hybrid Poly Disposable Gloves** are available in sizes Small-XL, sold by the dispenser of 200 gloves or case of 2000 gloves, and are available for immediate shipment.

About Saf-T-Gard International, Inc.

Located in Northbrook, Illinois, **Saf-T-Gard International, Inc.** is a privately-held family-owned and operated global supplier of industrial safety products. Founded in 1936 as Latex Glove Manufacturing Company, Saf-T-Gard quickly evolved into a predominant manufacturer, distributor, importer, and exporter of personal protective equipment, environmental safety, facility safety, first aid, public safety, and electrical safety. Today, Saf-T-Gard carries on the tradition that was started more than 85 years ago: bringing customers the products, training, and service they need to keep employees safe in the workplace. Saf-T-Gard is an active member of the National Safety Council (NSC) and AD Safety Network, as well as the American Society for Testing Materials (ASTM) and the International Safety Equipment Association (ISEA) committees responsible for the development of industry standards for protective equipment. Saf-T-Gard provides thousands of solutions from recognized brand names in addition to its renowned line of proprietary brands. Saf-T-Gard actively operates the **Voltgard®** **Test Lab**, one of the largest, independent, NAIL4PET-accredited test labs for rubber insulating products in the United States. To learn more, please visit **www.saftgard.com** or call 1-800-548-GARD (4273).
