## SAF-T-GARD® VOLTGARD® FLEXI-FIT™ LEATHER PROTECTOR GLOVES

BRINGING WORKERS HOME SAFELY SINCE 1936

"Our Name  
Says It All"

FLEXI-Fit™

### Fierce Flexibility, Comfort, & Quality

The **Saf-T-Gard® Voltgard® Flexi-Fit™ Leather Protector Gloves** were developed with premium flexibility in mind. Utilizing a novel, modified pattern that better fits the curve of all industry-standard rubber insulating gloves, the **Saf-T-Gard® Voltgard® Flexi-Fit™ Leather Protector Gloves** maximize flexibility and dexterity for greater worker productivity. Premium grain goatskin leather is soft and supple, delivering the ultimate in comfort and flexibility that is especially necessary when wearing thicker-style Class 3 or Class 4 rubber insulating gloves. The **Saf-T-Gard® Voltgard® Flexi-Fit™ Leather Protector Gloves** are also water-repellent for use in all types of weather so that workers can always get their job done safely and efficiently!

### Best-in-Class Protection & Compliance

The **Saf-T-Gard® Voltgard® Flexi-Fit™ Leather Protector Gloves** include an array of superior safety features to offer the utmost in protection for the toughest working conditions. Meeting both the ASTM F696-24 Design Standard and the ASTM F3258-23 Performance Standard, the **Saf-T-Gard® Voltgard® Flexi-Fit™ Leather Protector Gloves** deliver an arc rating of 25 cal/cm² along with excellent performance against abrasions and punctures when tested to the ANSI/ISEA 105-2024 Standard. Ideal users include utility workers, power and communication line workers, electrical contractors, plant and facility maintenance technicians, auto manufacturing/repair service workers, and electrical field service technicians in rubber gloving, hot stick, and various other high-voltage operations.

BENDING ON PROTECTION OR COMPLIANCE**

## Features and Benefits

**ANSI/ISEA 105-2024**

- Made from a water-repellent, ultra-premium grain goatskin leather (that protects against cuts, abrasions, and punctures and will not absorb dirt, oil, grit, grime, or moisture) to deliver exceptional flexibility and comfort
- Novel, modified pattern better fits the curve of all industry-standard rubber insulating gloves
- Sewn with high-strength nylon thread and includes an action thumb design with an enlarged reinforcement to provide additional protection to critical wear areas
- Flexi-Fit™ styles deliver a 25 cal/cm<sup>2</sup> arc rating, ANSI Level A1 Cut Resistance, ANSI Level 4 (the highest possible) Puncture Resistance, and ANSI Level 3 Abrasion Resistance
- Red, durable, split leather gauntlet cuff extends protection past the wrist
- VLP-616 style has a split leather gauntlet, contour cuff to prevent bunching at the elbow when the arm is bent while still providing protection to the user on the external side of the arm
- Adjustable Kevlar® strap and flame-resistant buckle comfortably and safely secures gloves to the hands

**VLP-614**

*Leather protector gloves should always be worn over rubber insulating gloves to extend their life.*

*Leather protector gloves themselves offer no protection against high or low voltage and should always be worn over rubber insulating gloves.*
